We request that MDNR separate by redaction any record containing exempt and non-exempt material if possible and provide redacted copies of such record pursuant to Section 610.024 RSMo. If separation within a given record is not possible and access to such record responsive to this request is being denied, in whole or in part, as an exempt record, we request that MDNR provide a written statement of the grounds for such denial, stating the specific provision of law under which access is being denied pursuant to Section 610.023 RSMo. We waive our right to such written statement within three business days of receipt of this request on the condition that such statement is provided with MDNR's open records response occurring within a reasonable time of receipt of this request. We also ask as a professional courtesy that if access to records is not being denied under any exemption, that MDNR state this fact in its response.

Many thanks for your courtesy.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Bruce A. Morrison", is written over a rectangular area of the document that has been redacted with a light gray, textured pattern.
